To Whomsoever It May Concern

This is to state that **Mr. Vilas Jaysing Jagade** (54 yrs) (S/o Mr. Jaysing Jagade) has been diagnosed to have end stage kidney disease. As the best option to treat such type of chronic kidney disease is to undergo kidney transplant, hence the same has been advised to the patient by the doctors. Kidney transplant is a life saving procedure for this patient.

The live Related Kidney transplant, the recipient being **Mr. Vilas Jaysing Jagade (54 yrs)- Husband** and the donor being his wife **Mrs. Archana Vilas Jagade (50 yrs)**. Transplantation (Surgery) is planned on 09th of **January 2014**.

The approximate estimate for 7 days for donor and 14 days for recipient is Rs. 3,65,000/- to Rs. 4,00,000/-.

The same would include the following.

- Cost of surgery for donor and recipient.
- Pre-operative investigations for donor and recipient.
- Room Charges (ICU and Ward)
- Cost of postoperative investigations

The Medicine cost for post transplant is 2 to 3 lakhs for first year.

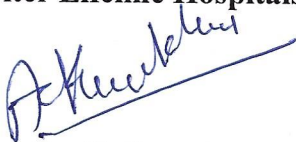

Note:- The cheque should be issued in name of

" Jupiter Lifeline Hospitals Ltd".

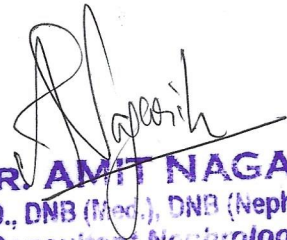

Thanking you

Yours sincerely,

For, Jupiter Lifeline Hospitals Ltd
